

Resultados: x_{n+1} até x_{n+20}

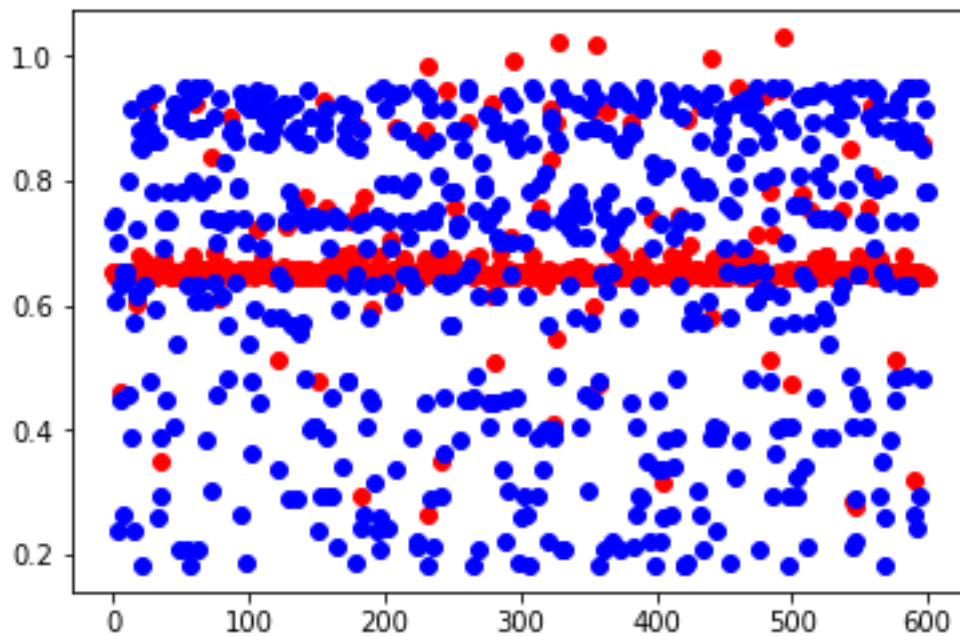

Dataset: 100(x20)

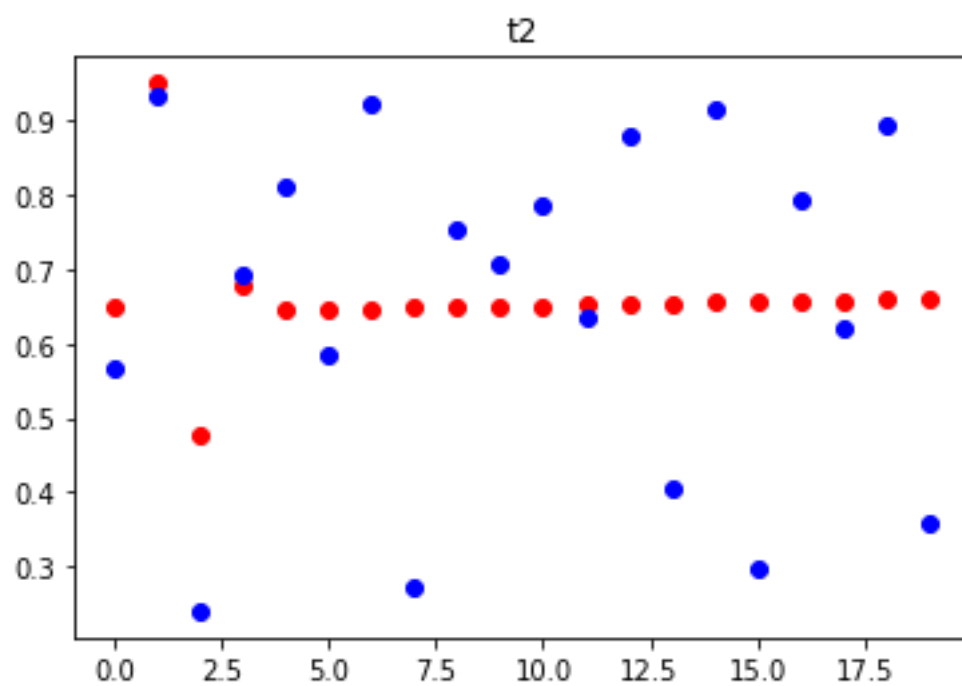

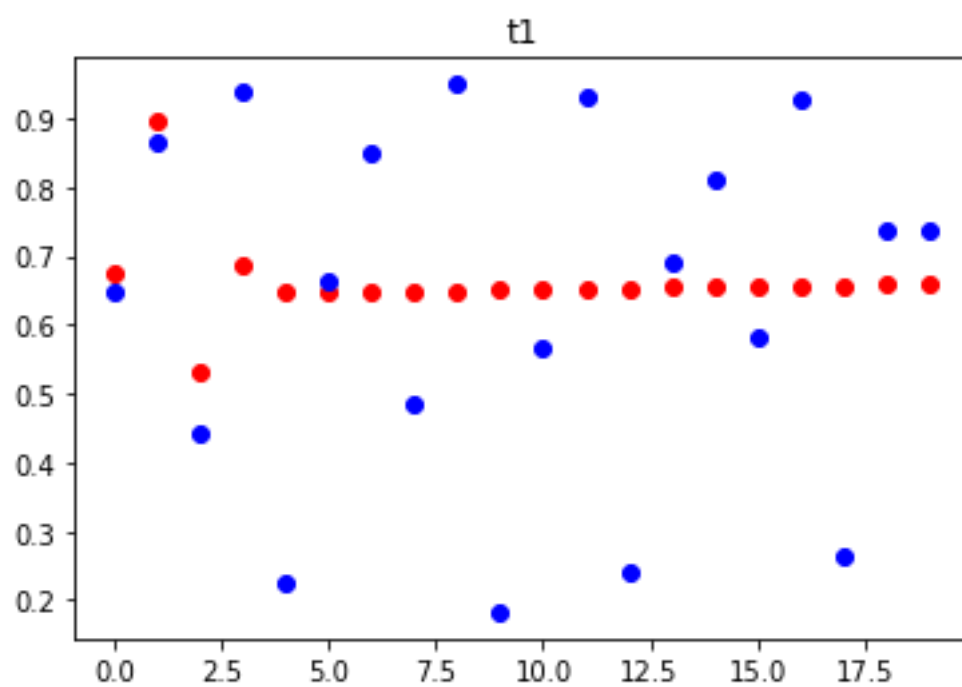

600 neurônios na camada oculta

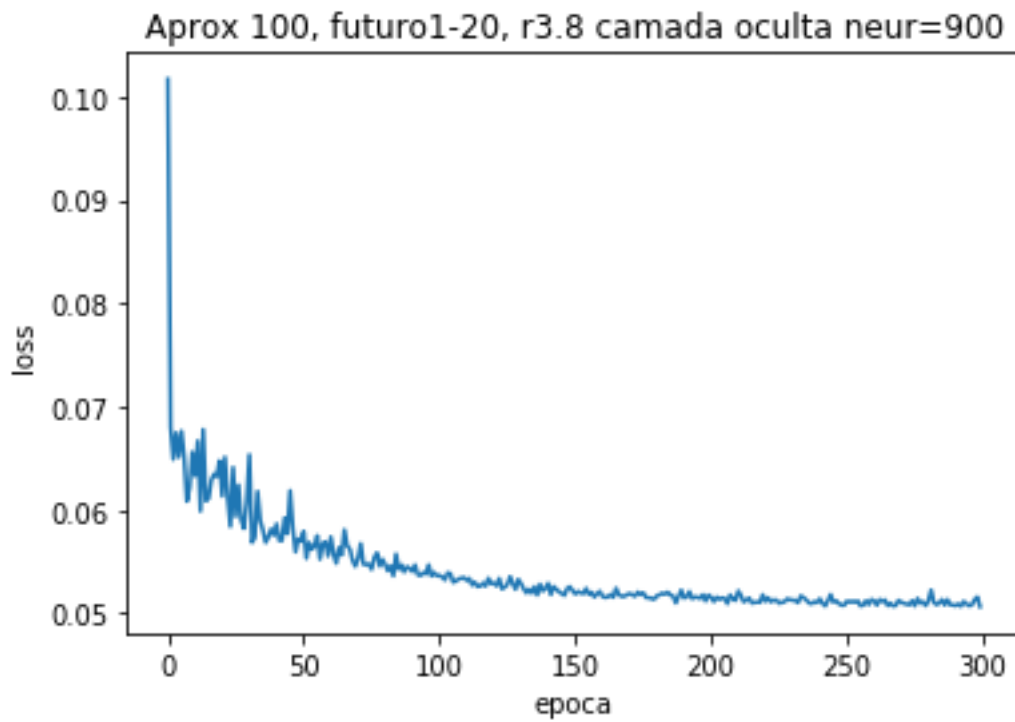

Distribuição pontos do dataset de teste com $n=600$. Azul: correto Vermelho:previsto pela rede.

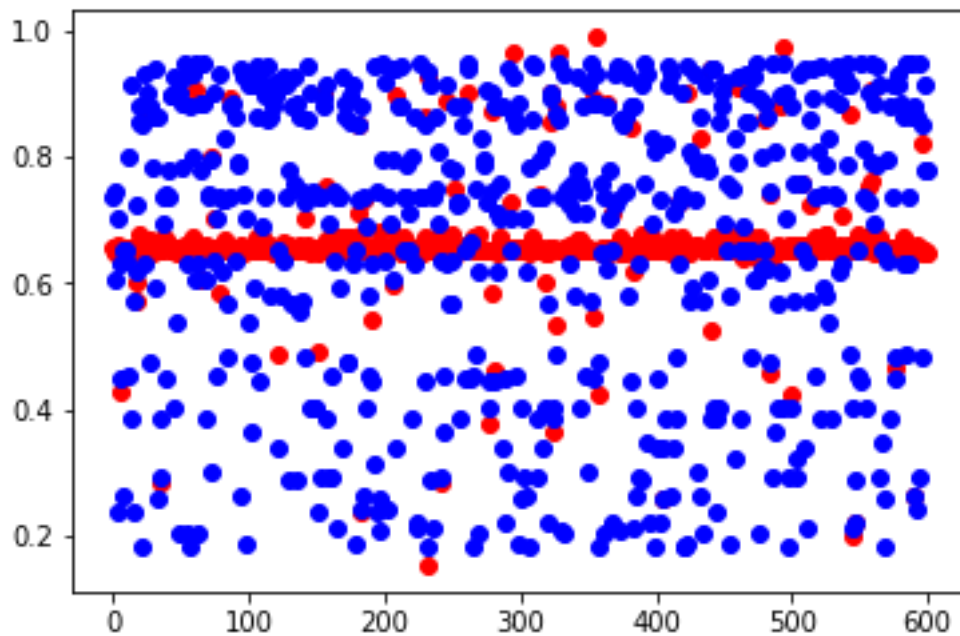

Dois datasets de teste, indo de x_{n+1} até x_{n+20} . Azul: correto Vermelho:previsto pela rede.

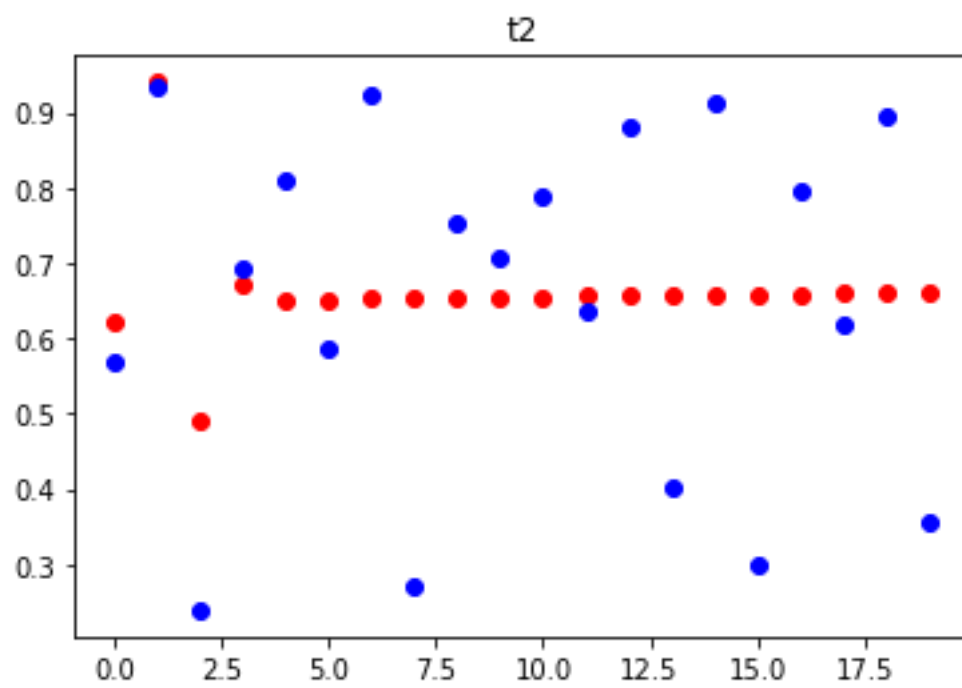

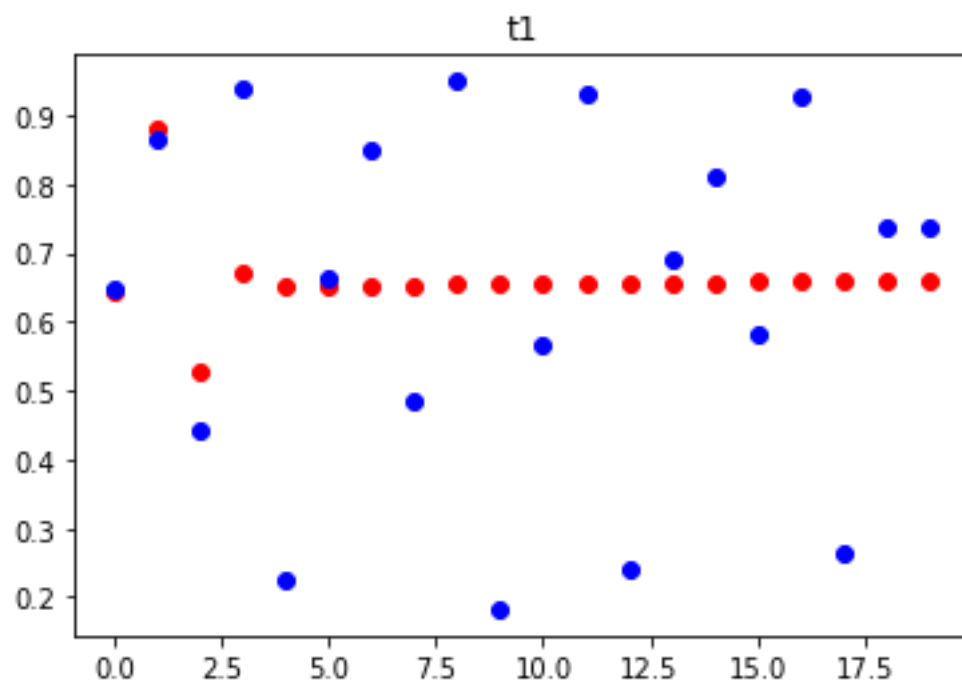

900 neurônios na camada oculta

Distribuição pontos do dataset de teste com n=900. Azul: correto Vermelho:previsto pela rede.

Dois datasets de teste, indo de x_{n+1} até x_{n+20} . Azul: correto Vermelho:previsto pela rede.

com dataset 1000(x20): não melhora
